

Talking about Prostate Health Can Sometimes Be Challenging for the Patient, the Partner/Wife, and sometimes the Provider. We want to empower each of you to understand some basics on prostate Health and Cancer, empower you to take action, and to Grab a buddy and educate them. Each One Teach One! We would like

SnapShot on Men's Health (include Benign Prostate Hypertrophy (BPH)--

Overview of Prostate Cancer (Who is at Risk for Prostate Cancer? What Are the Symptoms of Prostate Cancer? What Is Screening for Prostate Cancer?)--

MEN's Health Program's --

Who should Get Screened for Prostate Cancer?

What Are the Benefits and Harms of Screening?

How Is Prostate Cancer Diagnosed?

What is the role of Family History With Men's Health?

Clinical Trials, should I participate

National and Community Programs Targeting Men's Health (Men Take Ten, PHEN, and more

Resources Available in the Community

Major National Websites for information:

1.CDC

2. NIH

3. ACS

What can we do to get the word out-
